

Supported by: The FAW Response partners (or parties)

Vegetables NZ Inc (VNZI), Process Vegetables NZ (PVNZ) and Seed and Grain Readiness and Response (SGRR) would like to invite you to attend a Fall Armyworm Grower Workshop.

At the workshops Ivan Lawrie and team will lead growers through an exercise in identification of Fall Armyworm, its behaviours and physiology and then how to run a surveillance program.

Fall Armyworm is a risk to the New Zealand C4 grasses like corn and maize. It must be controlled, and this is where *you* can help.

The workshops are available at two locations – details below:

Whangarei, Northland	
Date:	Monday 7 November 2022
Time:	2:00pm – 4:00pm
Venue:	Barge Showgrounds, 474 Maunu Road, Whangarei, Northland
Presenters:	
	• Antony Heywood – General Manager VNZI • Ivan Lawrie - General Manager Business Operations (FAR) • Scott Hardwick - Scientist, AgResearch • Daniel Sutton - Fruitfed Supplies • Graham Walker - Plant and Food Research

Hamilton, Waikato	
Date:	Tuesday 8 November 2022
Time:	1:00pm – 3:00pm
Venue:	Jet Park Hotel, Hamilton Airport, Waikato
